

## Thesis Statement Revision

*In each of the following samples, the thinking is there, but the wording isn't quite perfect. Revise to follow the formula. Make sure to use power verbs and nail the "so what."*

Lessing and Herne's tones of firm but respectfulness continue on throughout the passage, trying to convince the public of the misguided thoughts of Fridman's definition of "geek" and "nerd."

---

---

---

In Lessing and Herne's passage, they are logical and professional when refuting Fridman's definition of a "nerd."

---

---

---

In their article, Lessing and Herne are not only detached, but also rational in their contradiction of Fridman's definition of a "nerd" and intellectualism, in that true intellectualism extends beyond books and good grades into the realm of social knowledge as well.
